Dear Antonios:

Thank you for joining us at the 2012 Clinton Global Initiative Annual Meeting. I hope you were as inspired as I was by the discussions held and actions taken this year.

The CGI community continues to grow and evolve as members work to develop new approaches and forge the partnerships that will lead to lasting change. This year's meeting challenged commitment-makers to think strategically about how they can better design solutions, and I am confident that the resulting ideas will set an even higher standard for commitments in the future. Since 2005, CGI members have made more than 2,300 commitments—valued at over \$73.1 billion—that are transforming the lives of more than 400 million people.

While the challenges we face are significant, I remain optimistic that by addressing them together we can create opportunity and make a measurable difference.

I look forward to continuing our work together.

Sincerely,

A handwritten signature in blue ink that reads "Bill Clinton".
